- Python (Intermediate)
- Java (Intermediate)
- C# (Intermediate)
- Data Structures
- PHP
- SQL, MySQL
- Web Development

## LANGUAGES

- English (Basic)
- Filipino (Fluent)

## PROFILE

Aspiring Information Technology professional with a strong foundation in programming and basic computer skills. Currently pursuing a college degree, I am eager to gain hands-on experience in the IT field. Although I have no formal work experience, I am highly motivated to learn and contribute to projects that leverage my tech and soft skills. I am seeking an internship opportunity that will allow me to collaborate with a dynamic team, develop my technical abilities, and explore various aspects of Information Technology.

## EDUCATION

**Cavite State University**

2024 - 2025

College

**GPA: 1.85**

**City of Bacoor National High School**

2020 - 2021

High School Diploma

**GPA: 92**

## PROJECTS

**E-commerce Platform Development**

JUNE 2029 - JAN 2030

Led the development of a comprehensive e-commerce platform for a retail company, including features such as product listings, shopping cart, payment gateway integration, and order management.

**Technologies Used:** C#, MySQL

**Web-based SSG Management System**

SEP 2023 - FEB 2025

Developed a comprehensive web-based platform for the Supreme Student Government, providing features for secure online voting, efficient event management, strategic financial planning, and a streamlined system for handling student complaints.

**Technologies Used:** PHP, Web Development, MySQL, Email API
